Attention Public Works

I am seeking employment in your water department.

My interest in the water industry stems from one year with Brigham City Water Department and 12 years experience with the West Bountiful City Public Works Department where, for the last eight years, I was Water Master.

My responsibilities included the following:

- Collect and submit water samples to State Inspection Office
 - Install water mains and laterals
 - Repair breaks in all lines
 - Repair/replace fire hydrants
 - Backflow testing
 - Repair, maintain city streets
 - Clean, repair, maintain sprinkling systems
 - Snow plow and salt city streets
 - Inspect new construction
-

Experienced operator of all types of heavy equipment:

- Backhoes, bulldozers, graders, loaders, dump trailers, etc.
-

Certifications:

- Utah State Grade 4 Culinary Water Distribution
 - Utah State Grade 2 Backflow and Cross Connection Technician (Needs Renewal)
 - Spraying of herbicides and pesticides in non-commercial Right of Way weed and pest control
-

I am presently employed at Davis County Public Works Department but want to return to work in the water industry.

If my qualifications met your needs and deserve your serious consideration, please contact me prior to Davis County. They are not aware of this inquiry.
