

# Service Area Manager

Clark County Water Reclamation District  
(Las Vegas, Nevada)

The District is responsible for wastewater treatment for Clark County, and is seeking a qualified individual to manage its facilities in Laughlin, Nevada (pop. 8,000). Laughlin is an unincorporated town located on the Colorado River and includes several large casino resorts. This position oversees a staff of 16 and is responsible for all operations and maintenance in providing wastewater collection, treatment and disposal services. The District is looking for a proven manager who can exercise independent judgment in providing the best possible sewage treatment services for the Laughlin community. Effective communication skills with District staff, other agencies and the Laughlin Town Advisory Board are also desired. A Bachelor's degree in engineering, business, public administration or related field, and five years experience in wastewater collection, treatment and disposal, including two years supervisory and management experience, is desired. Equivalent combination of education and experience may be considered. Ability to obtain Nevada Grade IV Wastewater Operator's Certificate after one year is required. Salary to \$112,881 with an excellent benefits package. Detailed brochure at [www.ralphandersen.com](http://www.ralphandersen.com). Submit resume, cover letter, five professional references and salary history to [apply@ralphandersen.com](mailto:apply@ralphandersen.com) by September 5, 2008. Confidential inquires welcomed to John Goss at [john@ralphandersen.com](mailto:john@ralphandersen.com) or call (858) 829-9788.
